STATUS	READY TO SIGN

This premium agreement forms the core of the tenancy record and the Premium Management Schedule should be followed alongside it so reporting, inspections, keys, contractor access, and hand-back expectations stay aligned.

If the tenancy is not set up clearly and consistently, it can affect how issues are handled later, including possession.

2. Key Setup Checks

- Core party, property, payment, and start-date details are recorded clearly.
- Deposit support documents are included so the protection record can stay with the file.
- The Premium Management Schedule is included so the management process sits beside the agreement.
- Right to rent checks are recorded for 25 April 2026.

3. What This Pack Does

Supporting documents included: Main tenancy agreement; Pre-tenancy checklist; Keys and handover record; Utilities and meter handover sheet; Pet request / consent addendum; Tenancy variation record; Premium Management Schedule.

Next step: sign the agreement, complete handover, and keep the full pack together as the tenancy record.

- Sets up the tenancy clearly and keeps the core file together from the start.
- Helps avoid avoidable disputes over rent, deposit records, utilities, and handover.
- Keeps the agreement and support records aligned so later enforcement or possession work does not have to be rebuilt.

4. Premium Management Controls

MANAGEMENT CONTACT CHANNEL	Email
REPAIRS REPORTING PROCESS	Landlord direct by email
INSPECTION WINDOW	Quarterly weekday daytime visits
