| **Total Arrears Outstanding** | | | | **£2430.00** | **£2430.00** | |

**Payment Allocation Method:** Payments have been allocated using the FIFO (First In, First Out) method, applying payments to the oldest outstanding rent periods first. This is the standard court-accepted method for arrears allocation.

**Evidence Requirements:** Attach proof of payments received, bank statements, and rent ledgers behind this schedule. The County Court expects a clear period-by-period breakdown matching the tenancy rent frequency.
