

Stage 1: Section 8 Notice & Service Pack

What Happens Next

READY TO SERVE - NOTICE FILE ALIGNED

Serve the notice correctly using the service instructions in this pack.

STEP 1

Wait for notice expiry

Wait until 1 July 2026 before starting possession proceedings.

STEP 2

Move into Stage 2 if the tenant stays

If the tenant does not leave, move into the Stage 2 Court & Possession Pack so the claim is built from the same file.

STEP 3

Keep the file aligned

This pack continues directly into the court-stage paperwork without entering the same details again for the core facts, arrears position, or evidence for the grounds selected.

If you need to go to court

If this proceeds to court, the Stage 2 Court & Possession Pack builds directly on this file.

The same notice, service record, arrears position, and core facts should carry forward without being rebuilt from scratch.
