## Operative Provisions

### 1. Room Let Summary

This agreement is intended for a room let in the landlord's own home where the landlord remains resident. It is not intended to create an assured tenancy.

Status meaning: clear the recorded checks before relying on the room-let file as complete.

If the room let is not set up clearly and consistently, it can make later issues around notice, conduct, and hand-back harder to manage.

### 2. Key Setup Checks

- Record the key return and room hand-back expectation.

### 3. What This Pack Does

Supporting documents included: Room let / shared home pack agreement; Room let checklist; Keys and handover record; Lodger house rules appendix.

Next step: clear the recorded checks and confirm the room-let expectations before signature.

- Protects the shared-home arrangement with clear room-let, key, and house-rule records.
- Helps avoid avoidable disputes over guests, cleaning, shared-space use, and hand-back.
- Keeps the room-let file complete if conduct, notice, or move-out issues arise later.

#### Execution

This document should be signed and dated by the parties and retained with the tenancy records.
