BNS Maintenance - Faye Davies 23/03/2026, 12:22

I have scheduled a date in after 30/03/2026 - Kai has been booked in to attend 10/04/2026 providing the below has been sorted - they need to clear up because the stench coming out of that flat No 7 whatever it is, is absolutely disgusting, swarms of flies all round etc. They can clean up and I'll return to finish the testing. Kai, please do attend unless Tina has confirmed this has been sorted. Thanks.
