NOTICE BEFORE COURT ACTION 2nd LETTER

Dear Shellyann,

I am writing further to our recent conversation, during which you were asked not to make any further rent payments to GOA Property Solutions Ltd, as they have failed to pass the rent on to your landlord Mr. Suraraj Pradhan.

You explained on our meeting, that you did not wish to break your contract with GOA. However, please, note that due to multiple breach of agreement, the owner of the property has now ended GOA Properties' authority to manage 39 Upton Grove. This means GOA Properties are no longer authorised to act for the landlord in relation to this property. A copy of the letter sent to GOA is enclosed for your information in the attachment.

(Formal Termination Notice- GOA Properties.pdf).

As we understand it, Mr Anesh Ramlugan has informed you by email and letter on several occasions since 2 February 2026 that GOA is in breach of its agreement and that notice had already been served requiring the property to be vacated by 2 May 2026, so that the landlord can recover possession to move in.

In an effort to assist and resolve matters without court action, the landlord is willing to offer the following options:

Option A: A fixed short-term agreement for up to 2 months through Black & White Estate Agents, to give you time to find another property. Black & White can also help by providing you with a reference. To do this please pay Black & White Estate Agents Account 18930085 60-24-77

Option B: If you choose not to accept Option A, the landlord will rely on the notice already served, which expires on 2 May 2026, and will then take the next legal steps to recover possession of the property.

Please contact Black & White Estate Agents and the owner as soon as possible to confirm your position and help avoid matters going further.

If you are unsure about anything, you may wish to seek independent legal advice. However, please understand that the landlord is extremely concerned about this situation and intends to take action without further delay.

This is an important matter, and we would ask you to respond as soon as possible.

Yours sincerely,

David Casey
