Operative Provisions

1. Tenancy Status and Core Particulars

The agreement anchors the tenancy record for an England periodic residential let and sits alongside the supporting setup records kept for the file.

TENANCY TYPE	New periodic tenancy agreement
PACK	Standard Tenancy Agreement & Setup Pack
FURNISHED STATUS	furnished
TENANCY START DATE	2 May 2026

The tenancy is intended to continue on a periodic basis unless lawfully brought to an end. No separate fixed-term drafting is created by this document unless a solicitor-approved route is expressly used outside this product.

Treat the pack as the baseline landlord file for the rent terms, notice position, safety record, and handover evidence so later issues do not have to be rebuilt from scattered notes.

If the tenancy is not set up clearly and consistently, it can affect how issues are handled later, including possession.

2. Rent, Payment Method, and Bill Treatment

RENT	£1500.00
RENT PERIOD	Monthly
RENT DUE DAY	1st of each month
PAYMENT METHOD	Bank transfer
BILLS INCLUDED IN RENT	Yes
INCLUDED BILLS DETAIL	Gas, Electricity, Internet / broadband
ACCOUNT NAME	Landlord Heaven Client Account
SORT CODE	12-34-56
ACCOUNT NUMBER	12345678

The landlord confirms that no rent in advance is intended to be requested, encouraged, or accepted before the agreement is signed and that any rent in advance taken after signing is intended to stay within the current England limit of 1 month's rent.

Keep the rent amount, payment route, and bills treatment aligned across the agreement, handover sheet, and later tenancy records.

- Any rent increase for an England assured tenancy should follow the Section 13 statutory route only. The landlord should use Form 4A, give at least 2 months' notice, avoid any increase in the first 12 months of a new tenancy, and should not seek more than one increase within the same 12-month period.

3. Deposit Arrangements

DEPOSIT AMOUNT	£1500.00
DEPOSIT PROTECTION SCHEME	DPS
DEPOSIT REFERENCE	DPS-EXAMPLE-2026-0001

If a deposit is taken, it should be protected in an authorised England scheme within the statutory timeframe and the prescribed information should be served in time. The support documents in this pack are intended to help record those details.

4. Tenant Ending the Tenancy

RECORDED TENANT NOTICE PERIOD	2 months
--------------------------------------	----------

The tenant may end the tenancy by giving at least 2 months written notice. For the current England assured-tenancy regime, that notice should end on the day the rent is due or the day before unless the law changes or the parties later agree a lawful surrender or shorter written notice.

The tenant should return keys, remove belongings, leave the property reasonably clean, and provide a forwarding address for deposit and final correspondence purposes.

5. Landlord Ending the Tenancy

In most circumstances, the landlord may only end the tenancy by obtaining an order for possession and the execution of that order. The landlord cannot lawfully end the tenancy just by serving a private break clause or informal notice.

If the landlord seeks possession, the landlord or one of any joint landlords will usually need to serve a possession notice using the correct form, specify the ground or grounds relied on, and give the minimum notice period that applies to that ground or those grounds before court proceedings begin.

The landlord cannot rely on a section 21 no-fault route for a tenancy granted under the post-1 May 2026 England assured-tenancy regime.

Where the landlord wishes to rely on a possession ground that requires prior notice at the start of the tenancy, the ground should be identified clearly in writing now and supported by the relevant factual explanation.

6. Repairs, Fitness, Safety, and Access

EPC RATING	C
GAS SAFETY CERTIFICATE PROVIDED	Yes
ELECTRICAL SAFETY CERTIFICATE PROVIDED	Yes
SMOKE ALARMS FITTED AND TESTED	Yes
CARBON MONOXIDE ALARMS WHERE REQUIRED	Yes
RIGHT TO RENT CHECKS COMPLETED	25 April 2026

Recorded access notice expectation: 24 hours.

- The landlord acknowledges that section 9A of the Landlord and Tenant Act 1985 requires the property to be fit for human habitation to the extent that section applies.
- The landlord acknowledges that section 11 of the Landlord and Tenant Act 1985 requires the structure and exterior, and the installations for water, gas, electricity, sanitation, space heating, and hot water, to be kept in repair to the extent that section applies.
- Regulation 3 of the Electrical Safety Standards in the Private Rented Sector (England) Regulations 2020 requires relevant electrical safety standards to be met during occupation, relevant electrical installations to be inspected and tested by a qualified person at least every 5 years or sooner if the most recent report requires it, and a copy of that report to be supplied to the tenant.
- Regulation 36 of the Gas Safety (Installations and Use) Regulations 1998 requires any relevant gas fitting and flue to be kept in a safe condition, safety checks to be carried out by a Gas Safe registered engineer at intervals determined in accordance with the Regulations, and a copy of the safety record to be given to the tenant.
- Non-emergency access should normally take place on notice and at a reasonable time unless emergency circumstances justify immediate entry.

7. Pets, Adaptations, and Equal Treatment

- The tenant may keep a pet at the property if the tenant asks to do so in line with section 16A of the Housing Act 1988 and the landlord gives consent.
- The landlord cannot unreasonably refuse consent to keep a pet and should deal with any pet request reasonably and within the time required by the law then in force.
- Where the tenant is entitled to make improvements with the landlord consent, the landlord may not unreasonably withhold consent to an improvement request where a disabled person occupies or intends to occupy the property as their only or main home and the improvement is likely to facilitate that person enjoyment of the property having regard to their disability.
- The section 190 Equality Act improvement rights do not apply so far as the tenancy already makes like provision, and the tenant can refer to section 6 of the Equality Act 2010 for the meaning of disabled person and section 190(9) for the meaning of improvement.
- The landlord confirms that the tenancy was not offered or refused on an unlawful discriminatory basis in the recorded answers.
- The landlord confirms that the tenancy was not granted through a prohibited bidding process in the recorded answers.
- The landlord confirms that the tenancy was not refused or offered on a prohibited children-or-benefits basis and was not handled on an unlawful discriminatory basis.

8. Product-Specific Operational Terms

This standard pack is the mainstream route for a straightforward periodic residential let. It keeps the essential occupation, payment, access, and handover points in one clean file without layering on the wider management controls used in the premium route.

It is intended to give the landlord a file that is clear enough to run the tenancy day to day and coherent enough to support later enforcement or possession if the relationship breaks down.

9. Supporting Schedules and File Documents

- Included in the file are the main agreement, pre-tenancy checklist, keys handover record, utilities handover sheet, pet request addendum, and tenancy variation record so the landlord can keep one complete setup record from the start.

10. Notices and Service Information

LANDLORD SERVICE ADDRESS	3 Owner Road, London, SW1A 2BB
LANDLORD EMAIL	jane@example.com
LANDLORD PHONE	07123 456789
ENGLAND WRITTEN INFORMATION ROUTE	Written tenancy terms recorded in this agreement

Formal notices should be sent to the landlord service address stated in this document unless the landlord later gives a valid written replacement address for service.

File notes

The agreement records the written terms for an England assured periodic tenancy and should be read alongside the supporting setup, evidence, and compliance records in the file.

Drafting controls applied: post-1 May 2026 England assured periodic drafting, grounds-only landlord possession wording, Section 13 / Form 4A rent-review wording only, pet-request wording aligned to the current England regime, new-tenancy written-information treatment.

Execution

This agreement should be signed by the Landlord and the Tenant and then kept with the tenancy records.
